WORK EXPERIENCE

Brilliant Maths and Science Education – Labone, Accra

September 2022 – Present

IT and Maths Tutor

- Design personalized learning plans suited for each student's strengths and weaknesses to improve performance
- Provide detailed progress reports to parents, emphasizing student growth and areas for improvement
- Develop comprehension and critical thinking skills in students by using inquiry-based learning techniques

Stanbic Bank Ghana – Airport City, Accra

November 2021 – September 2022

Business Analyst

- Provided technical support for existing reports, dashboards and other tools
- Assisted in software implementation by performing User Acceptance Testing (UAT) and training end-users
- Engaged stakeholders to gather feedback and ensure alignment between business needs and technical solutions

Ghana Broadcasting Corporation – Kanda, Accra

June 2019 – August 2019

IT Systems Support

- Implemented cybersecurity best operations to reduce security threats and vulnerabilities by 50%
- Trained end-users on IT tools and optimal practices improving system adoption
- Managed user accounts and access permissions in Active Directory and on IT servers

PROJECTS AND RESEARCH

Management System for the UENR Estate Office

May 2021 – October 2021

Team Member

- Led a four-man team in designing and developing a management system to make it easier for the UENR estate officers to manipulate data and generate reports without having to do it manually as they relied on Spreadsheet applications for managing the data of a whole university

CO-CURRICULAR ACTIVITIES

Stanbic NSS Charity Project, Stanbic Bank Ghana

September 2022

Volunteer

- Contributed and assisted in organising a Menstrual Health Awareness event for students at Accra Girls High School, educating both young boys and girls on myths and facts about menstruation

UENR Forensic Society, UENR

November 2019 – December 2021

Member

- Trained junior members, mentoring them in speech structure and debate techniques
- Worked in a team to strategize and refine arguments which enhanced teamwork and collaboration skills.
